EXPERIENCE

Developer	Oct 2022 - Present
eClerx Service LTD	<i>Pune</i>

- Developing responsive web banners using HTML, CSS, GSAP and JavaScript.
- Analyzing the requirements and objectives of the banner design and development tasks assigned. This involves working closely with Client to clarify expectations and deadlines.
- Collaborated with designers to ensure the accurate implementation of layouts, and visuals, contributing to the development of user-friendly web Banner.
- Optimized the code for performance, focusing on reducing load times and improving overall efficiency.
- Developed reusable, scalable, and optimized code, reducing development time for future projects. Quickly adapt to changes in project requirements or feedback from Client. This includes revising designs and code as needed to meet evolving standards or objectives.
- Conduct thorough testing of the banners to ensure they display correctly across different browsers and devices. Address any issues identified during this process to maintain high-quality standards.

PROJECTS

Blog-App | [Online Book Store](#) | [Mock Interviewer](#) | [Currency Converter](#)

KEY ACHIEVEMENTS

- **Certificate of Appreciation - Values Award,** Dec 2023
Received a prestigious Values Award from the Assistant Program Manager for outstanding contributions to the project through the creation of an Animated Banner. Both the requester and sponsor expressed profound appreciation for my work, recognizing the value it brought to the project and the team.

- **Recognition Award,**

Feb 2023

Received a Recognition Award from my manager for exemplary commitment to mastering a process and successfully implementing it within a condensed timeframe. My Innovative approach to execution was particularly noted and praised, setting a benchmark for efficiency and creativity in project delivery.
